I'm an artistic model who travels the world. I try my best to create images that portray different aspects of the human spirit from beauty to strength, fear and many more emotions.

My goal is to make people think and feel when they see my images. I want to tell a story in just one frame. A few years ago I could never have imagined being a full-time model and now I'm really living my dream and I could not be happier.

A photograph of a dense forest or thicket. In the foreground, a large, light-colored tree trunk with a rough, textured bark is prominent, leaning slightly to the right. The background is filled with a dense network of thinner tree trunks and branches, some of which are covered in moss or lichen. The lighting is soft and dappled, suggesting sunlight filtering through the canopy. The overall color palette is dominated by various shades of brown, tan, and green.

Latina Barbie - Belle Amelie. I have been modeling professionally for 3 years total. My current goal is to model full time while traveling the world. Sagittarius, so I am a wild and free spirit.

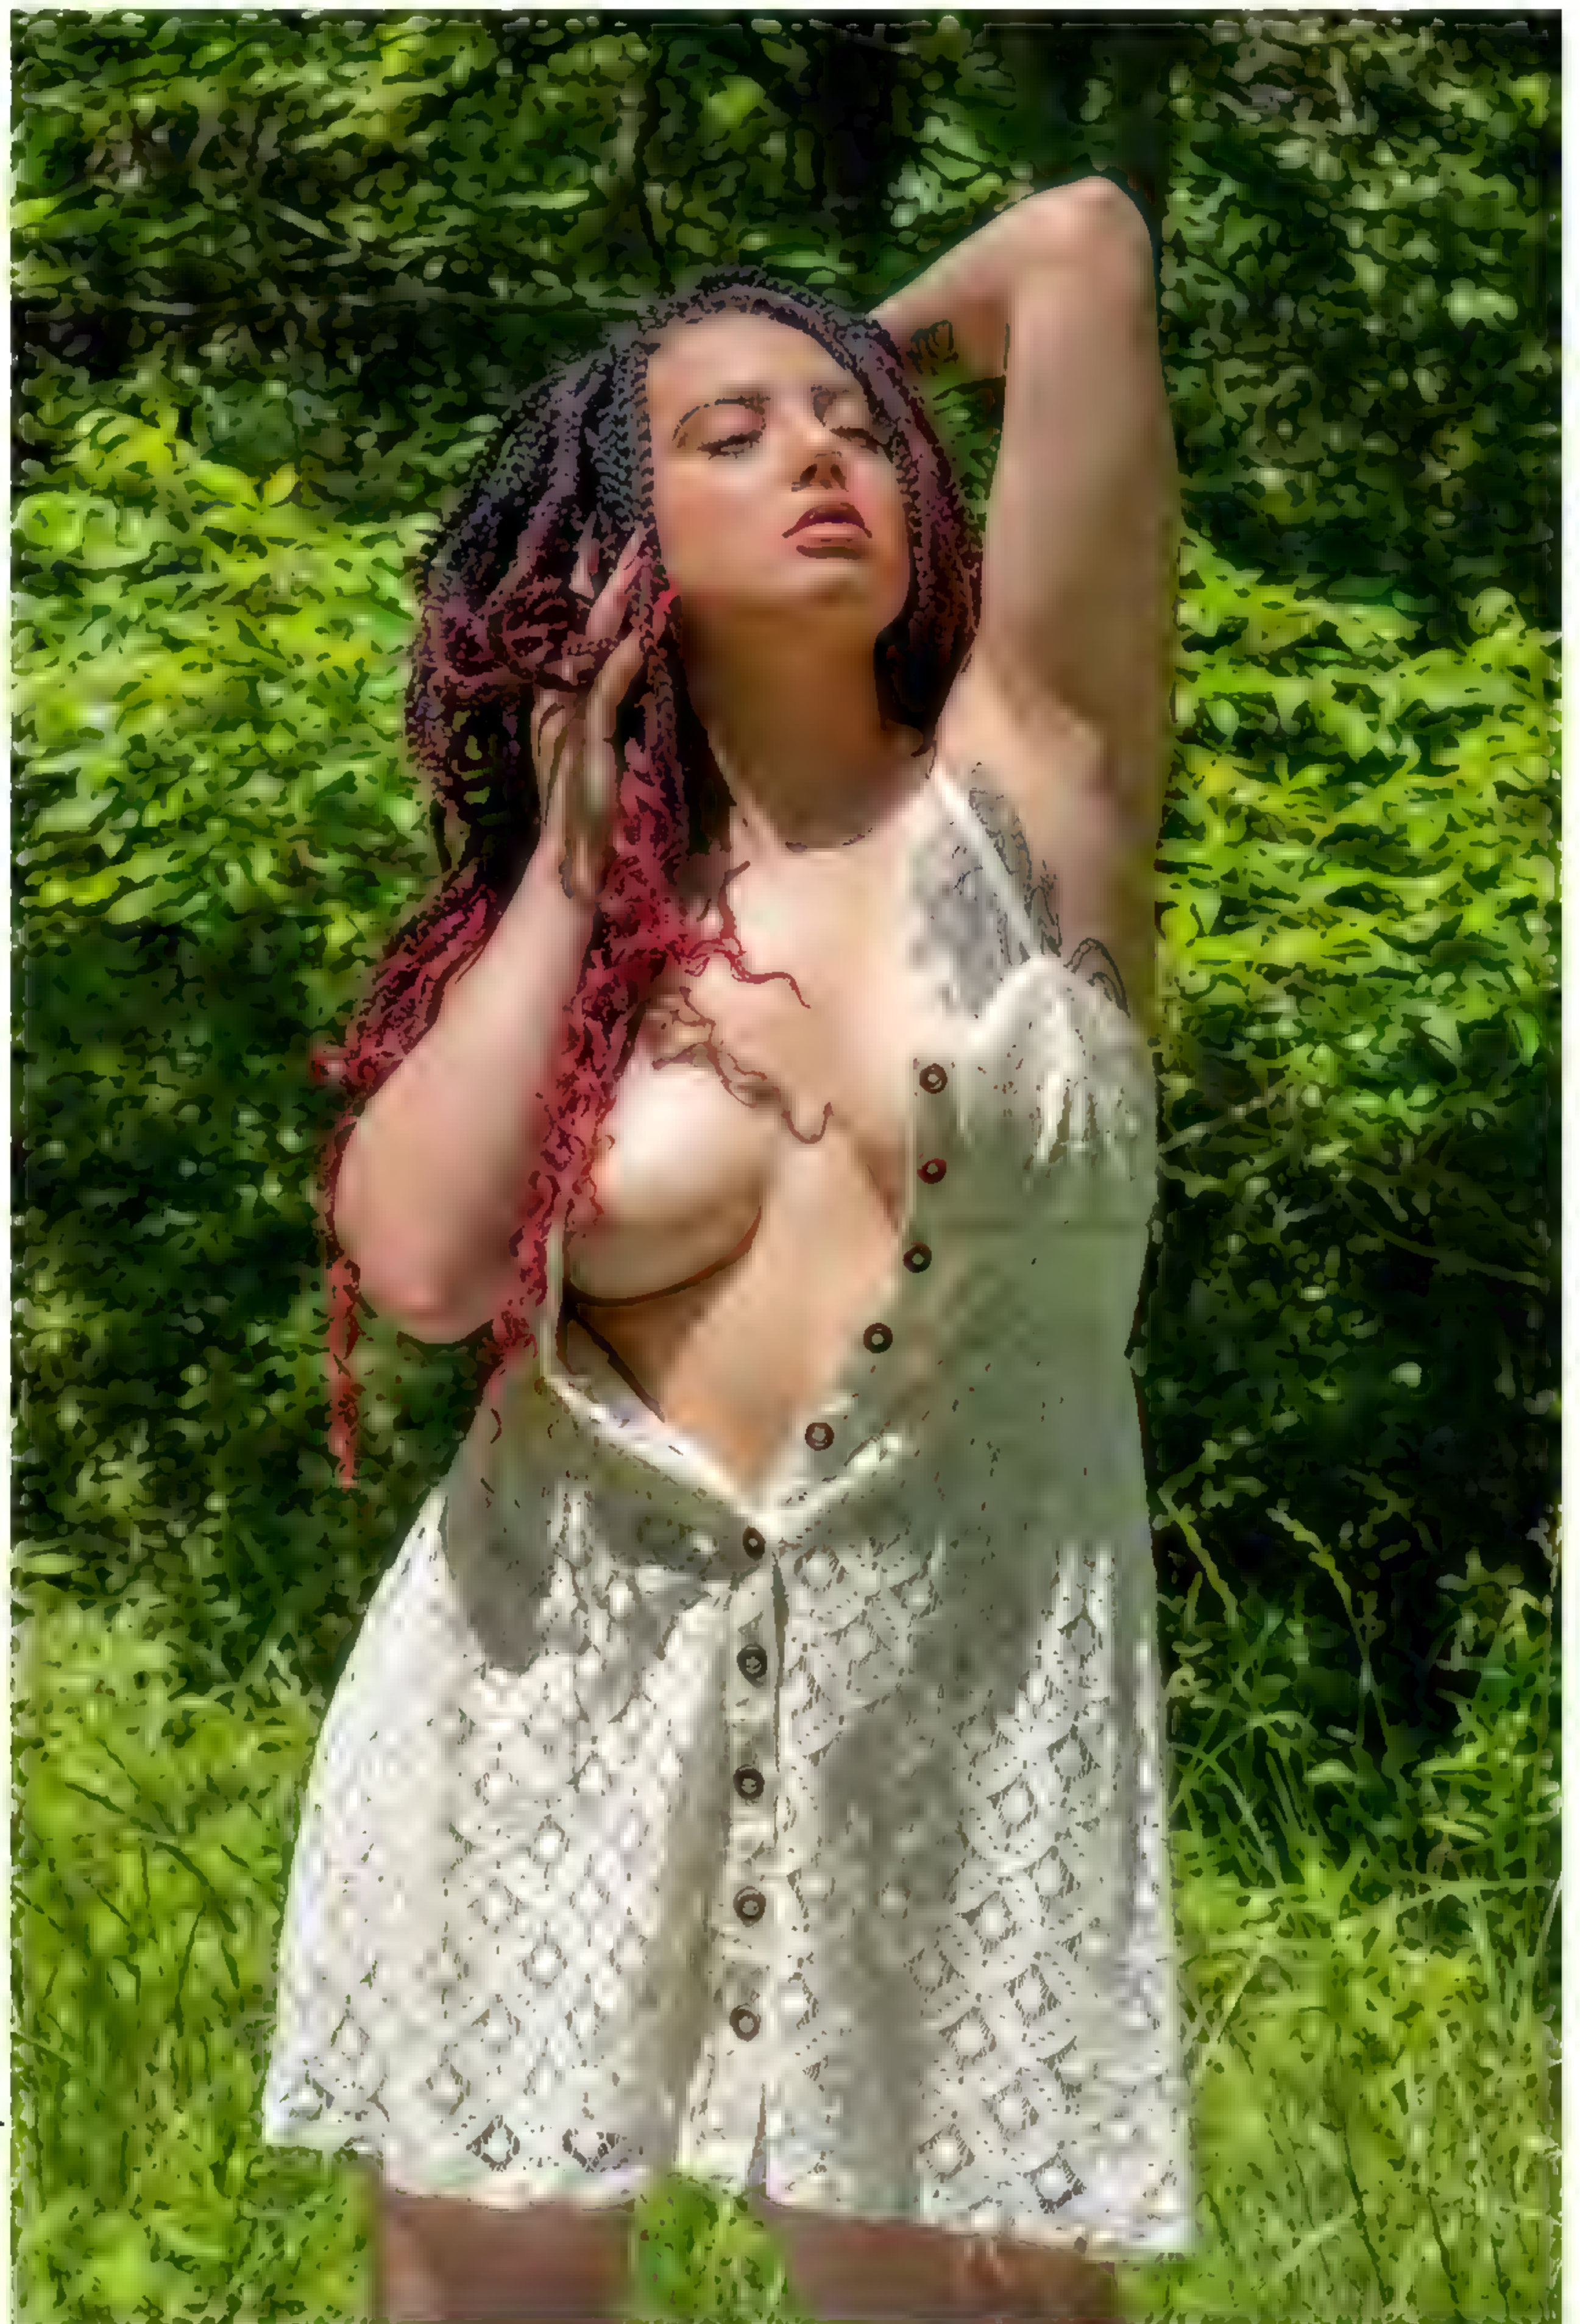

Travel is in my nature and beautiful is my name. Bring the two together and you have an amazing model.

I consider my sexiest feature to be my eyes. You can look into them and always know what I'm thinking. They speak for themselves and show what they desire.
